Physical facilities

Situated on an expansive 1.82-hectare campus, M. S. M. College continues to shine as a beacon of educational excellence, nestled alongside the national highway in Kayamkulam. Our commitment to providing outstanding education remains steadfast as we embark on the academic year 2022-2023.

Designed meticulously to cater to the diverse needs of over 2000 students, our college campus is divided into three blocks, each tailored to provide an enriching academic experience. The main 'A' block, situated in the heart of our campus, houses essential administrative offices, including the principal's office and the IQAC room. Additionally, it accommodates departments for various subjects such as Arabic, Economics, History, Commerce, English, Malayalam, and others. This block is equipped with modern amenities like language labs and computers, fostering an environment conducive to learning and collaboration.

Moving on to the 'B' block, students have access to our General Library and departments such as Statistics, Mathematics, Physical Education, Botany, and Biotechnology. The block features state-of-the-art laboratories, providing students with opportunities for research and academic exploration.

Dedicated to our Post Graduate Departments of Chemistry, Physics, and Zoology, the 'C' block spans three floors and boasts cutting-edge laboratories and research facilities. This underscores our commitment to scientific inquiry and academic excellence.

Our campus encompasses 61 well-appointed classrooms and eight spacious seminar halls, all equipped with ICT facilities to facilitate innovative teaching methodologies. Beyond academics, we prioritize student well-being and cultural enrichment. Our expansive open-air auditorium serves as the venue for a plethora of cultural activities, fostering creativity and community engagement. Additionally, our indoor auditorium at the PKK higher secondary school ground provides seating for up to 1000 students, enhancing the academic experience with larger gatherings and events.

Recognizing the importance of creating a safe and comfortable environment, we have dedicated separate resting room facilities for our female students. These facilities are equipped with private bathrooms and napkin vending machines, ensuring the well-being and comfort of our students.
